Cursive Writing Made Easy and Fun

For students 2nd grade and above

Students will explore the beauty of handwriting and take pride in their written work when they are having fun learning and creating cursive letters. Learning cursive is a motivational building block for students' future literacy development. When students enjoy putting pencil to paper, and see their writing as a form of individual expression, they are more likely to do more of it!

- Wednesdays 3:05-3:35 at The Academy
- Dates:
 - October 16th, 23rd, 30th
